Please take a moment & check out some of the highlights & know that by the grace of God & with your support in many ways, we were able to be a blessing to many people. After that, you can see our 2024 Projects so together we can continue to Transform Generations.

Children's Area Implementation

In 2023, by the grace of God we were able to build a temporary building to house our children's program. We will also be having our youth services in it as well and even the nursery. We would now like to equip it to better reach and teach the children. We'd like to purchase a computer, lighting, build a stage, buy sound equipment, etc. We actually had a mixer donated to us! What a blessing. So we'll be moving some of the auditorium equipment to the children's area. But we need to purchase new speakers for the main auditorium, cables, a snake, etc.

Community Serve Project

We want to be a shining light for Jesus in our community. We share the gospel with our words, but many times God uses our action to speak even louder. We want to have several Serve Projects this year where we'll bless the community but some random acts of kindness & we'll also look for projects where we can help a community member or a church member overcome a difficulty. Things like painting, home repairs, cleaning, adding on to a prebuilt-home or something along those lines. Love in action!

To The Great Commission Training

Hearts in Action International will be conducting their annual training called to To The Great Commission this November at The Hearts in Action International base in Guatemala. This isn't your ordinary training, but a revolution to rescue the children & youth in the nations. Statistics tell us that alarming numbers of youth are leaving the church. But its time the church RISES UP & takes her place. We love to send 4 young students & some staff to this spirit-led training. We want to be the the tip of the spear with a passion & a righteous cause to rescue the children & the youth.

Pucallpa Land Purchase

If you didn't already know, Hearts in Action Peru - Pucallpa is doing an incredible work in the jungle city of Pucallpa and down the rivers and in the communities that surround it. But the current property they are on is small compared to the growth they are experiencing. We would like to expand and add areas for Bible teaching to children, adolescents and young people in the community. So we are looking to purchase an empty property beside the church that would allow for future growth.

PROJECT GOAL: \$30,000

HELPS COVER

PURCHASE OF ADJACENT
PROPERTY MEASURING
300 SQUARE METERS.

Lima Building Project

We thank God for growth. It's a good thing. First things first is the perimeter wall that will help with security & by the grace of God we should have the funding for that. We're waiting for the estimate. Soon after that, God willing & with God's provision we want to build a 3-story building (around 2000 sq ft per floor) that would allow us open space for classes, a kitchen, offices and more areas to grow. It would be PHASE 2 of the project & a huge step of faith!

PROJECT GOAL ESTIMATE: \$400,000 - 500,000. Plans & more details will be available upon request.

HELPS COVER

ALL PLANNING COSTS (ARCHITECTURE, PLANS, PERMITS IF NEEDED) AND CONSTRUCTION COSTS (MATERIAL, LABOR, OVERSIGHT) OF A THREE STORY MULTIPURPOSE BUILDING.
